Caribbean Congress on Dutch Slavery, Reparations, Decolonization, Pan-Afrikanism

Who are we?

The BEULAH Foundation was founded in 2011. Though the board members changed, wo of the original founders are still active: brother Joseph Brooks (President) and sister Gisele Sint Jago (project manager) Our initial goals were to produce an educational TV program broadcasted by Tele Aruba, Tele Curaçao, tutoring and summer school and camps. Here is a link to one of our summer school programs: <https://youtu.be/S7RcqIrZW74>, one of our segments of Book club: <https://youtu.be/YA5TxtndoMM> and the segment Studiez and Proz: <https://youtu.be/1djfcoFwi1Q> Our main goal was to offer help to parents and students. In the past 12 years we have expanded our services to legal advice and services, as there is no High Office of Ombudsman [Gisele-Mireille Sint Jago \(PP\), Aruba: Prome pais cu Status Aparte, pero ultimo pais den Reino y Caribe cu Ombudsman parti \(1\). - Solo Di Pueblo Noticia Aruba](#), and Amnesty International and the United Nations Committee reports frequent and continuous violation of Human rights on Aruba [Gisele-Mireille Sint Jago \(PP\): The course of the procedure that Minister Ursell Arends wants to take is one that seems illegal - EA News Aruba](#), the other Dutch Caribbean Islands and within the Kingdom.

Background Peaceful Protest in front of Royal Family by Gisele Sint Jago

On January 31st, during the visit of the Royal Family to Aruba, Gisele Sint Jago stood up to protest at the University of Aruba where she is a Master student of Laws and was present as an invited guest. During her peaceful protest, she sang the slave emancipation song 'Oh Freedom'. To bring awareness to the fact that:

- Unequal treatment: King apologized to Indonesia on March 15th 2020, but not to the descendants of the Caribbean (former) colonies.
- The 19th December 2022 apology by the Dutch Government has no legal bearing, as the Dutch Government has not declared the Dutch Trans Atlantic Slave trade and Slavery a crime against humanity, by law.
- A reparations claim for the descendants of the African enslaved peoples cannot be filed in court without this law (see #2).

Gisele, backed up by the leader of her political party Pueblo Prome, planned to submit a seven page Manifest, but her protest was cut off and therefore her constitutional rights were violated.
